| Monitoring: Review: Annually, in October | Descriptor Term: Facility Expansion - Goals | Descriptor Code: 3.207 | Issued Date: 02/24/11 |
| | | Rescinds: | Issued: |

1 The Board shall authorize the construction of a sufficient number of school buildings to meet the demands
2 of present and future enrollments. Plans shall include simplicity of design; sound economics, including
3 low long-range maintenance costs and low insurance rates; high educational utility; and flexibility.

4
5 The Board establishes these broad goals for development of facilities:

- 6
7 1. To integrate facilities planning with other aspects of planning in a comprehensive program of edu-
8 cational problem solving;
- 9
10 2. To base educational specifications for facilities on identifiable learner needs;¹
- 11
12 3. To design facilities as economically as feasible, provided learner needs are effectively and adequately
13 met by the design;
- 14
15 4. To involve the community, school staff, and authorities on school construction and design and to
16 use the latest developments and research in building plans and specifications;
- 17
18 5. To design school buildings for maximum potential community use; and
- 19
20 6. All facility expansions will be consistent with any long-range building plans that have been adopted
21 by the Board.
